A. Payments and Reimbursement

To the extent the Contractor provides the required services in a satisfactory manner, the State agrees to pay the Contractor SGF and federal Medicaid funds according to the procedures delineated in Article VII "Invoice/Claim and Payment Procedures" of this Contract.

NTP services shall be reimbursed based at the lower of the uniform statewide monthly reimbursement rate or the Contractor's usual and customary charge for private clients.
2. It is understood and agreed that failure by the Contractor to comply with applicable federal and State requirements in rendering the covered services under this Contract shall be sufficient cause for the Department to deny and/or not issue payments to the Contractor. If the Department, DHS, or DHHS disallows or denies payments made to the Contractor for any claim submitted by the Contractor, Contractor shall repay the State all federal Medicaid funds and SGF for any and all claims so disallowed or denied.

Before such denial, recoupment, or disallowances are made, the State shall provide the Contractor with written notice of its proposed action. Such notice shall include the reason for the proposed action and shall allow the Contractor sixty (60) days to submit additional information before the proposed action is taken. This requirement does not apply to the DMC PSPP Utilization Reviews.

Any federal Medicaid funds or SGF paid to the Contractor, that exceed the amount of the Contractor's approved and validly claimed units of service shall be returned to the Department.

C. Appropriation of Funds

For the mutual benefit of both parties, it is understood between the parties that this Contract may have been written before ascertaining the availability of congressional appropriation of funds, in order to avoid program and fiscal delays which would occur if the Contract were executed after that determination.

D. Availability of Funds

This Contract is valid and enforceable only if sufficient funds are made available to the Department by the United States Government for the FY 2006-07 for the purpose of this program. This Contract is subject to any additional restrictions, limitations, or conditions enacted by the Congress, or any statute enacted by the Congress which may affect the provisions, terms, or funding of this Contract in any manner.

The State has the option to void this Contract under the 30-day cancellation clause or to amend it to reflect any reduction of funds.

F. Exemptions

Exemptions to the provisions in Article VI, Sections C through E above, may be granted by the Department of Finance provided that the Director of DHS certifies in writing that federal funds are available for the term of the Contract.

It is mutually agreed that if the State Budget Act does not appropriate sufficient funds for this Contract, this Contract shall be invalid and of no further force and effect. In this event, the State shall have no liability to pay any funds whatsoever to the Contractor or to furnish any other consideration under this Contract and the Contractor shall not be obliged to perform any provisions of this Contract.

2. All funds are subject to audit. The purpose of these audits will be to determine the amount of allowable DMC reimbursement. Audit procedures will include all tests of records and service documentation necessary to determine the lowest of actual allowable costs, the maximum allowance, or the usual and customary charge to the general public for the same or similar services. For NTP providers, the comparison shall be between the Uniform Statewide Monthly Reimbursement rate and the Contractor's usual and customary charges for same or similar services.
3. Contractor shall retain all business and accounting records and supporting documentation for a three (3) year period from the date of acceptance of the year-end cost settlement report or, in the case of a Narcotic Treatment Provider, finalization of the performance report, whichever is later.
